PRESS RELEASE

ICSE & ISC 2016 EXAMINATION RESULTS

The results of the **Class X (ICSE) & Class XII (ISC) 2016** Examinations will be declared on **6th May, 2016 at 03:00 PM.**

This year, the results are going to be declared two weeks earlier than when they used to be in the previous years. The hard work and the unflinching commitment of the Council staff along with our decision to go with the new LICR (Live Ink Character Recognition) technology developed by Orion India Systems Pvt. Ltd. has helped us to be in this position.

Orion LICR Solution captures and digitizes marks entered on the Top-sheets of answer scripts, and instantly encrypts & transfers the captured data to the Council's cloud based servers directly from the evaluation centers. This significantly reduced the time required for compilation of results. Examiners continue to use traditional pen and paper method for evaluation without any additional burden.

The solution is an assistive technology which aids Examiners to carry out their work without their needing to learn the new technology. This system automatically totals the marks awarded by the Examiners and also applies the question-paper rubrics, hence eliminating any possibility of manual totaling and manual rubric application errors.

The Council is the first Examination Board in the world to introduce this system. We are extremely happy with the outcome, because our students will now be able to have their results in hand much earlier. This will give them a head start while seeking admission to institutions for higher studies. We will continue to push the forefronts of technology in our effort to better serve the student community.

The results of the ICSE and ISC 2016 Examinations will be made available through the CAREERS portal of the Council, the Website of the Council and through SMS.
