PV/CIR/2019

August 06, 2018

To : All Heads of Schools

Dear Principal,

Subject: Insurance cover for students in all Schools affiliated to the Council.

The students in Council affiliated schools participate in numerous extra-curricular and sports activities, besides the normal academic calendar, which involves practice, plenty of movement and much travel time to school and back home. This leaves them vulnerable and prone to likely mishaps, accidents or any other unforeseen circumstances.

Presently, the schools are also participating in the Council's National Sports & Games at the Zonal, Regional and National level, following which individuals/teams would be selected to represent the Council in specific Games at the School Games Federation of India (SGFI) Games for 2018-19.

In view of the above fact, it is recommended that all Heads of Council affiliated schools should provide an insurance cover for all the students of their respective schools. The suggested policy value per student should be Rs. 1,00,000/- (one lakh only) and should cover particularly Health, Accident & Travel insurance.

While insurance is recommended for all the students of your school, it will be mandatory for the students participating and representing the Council at the SGFI Games 2018-19. It is one of the pre-conditions of the School Games Federation of India that the students participating in the games must be insured. This is checked and verified at every venue where the games are held.

For any query or assistance in regard to Insurance for your students, you may please contact the Council through email at dsfin@cisce.org.

I look forward to your cooperation and support in this matter.

With warm regards,

Yours sincerely,

Gerry Arathoon
Chief Executive & Secretary
